

SPANISH

The Spanish programme at LWS introduces pupils to a variety of topics relevant to their everyday lives and will link up with IGCSE study areas. Pupils will learn increasingly complex grammar as the course goes on, reflecting the school's focus on an academically rigorous classical liberal education.

Spanish is spoken by an estimated 350 million people around the world and is the main language across Central and South America. Learning Spanish let you communicate with people across the globe and enhance your travel experiences and will also help you to enjoy a wealth of music, films and literature from the Spanish-speaking world. It can also improve your employment prospects. can also improve your employment prospects!!
